Dick:

Yesterday I got a call from Chuck Percy.

He will meet tomorrow, along with other members of the Senate For. Relations Comm, with Pres-Elect Carter.

He was interested in a general briefing-chat about Carter's areas of interest and a very general up=date on the world (small subject). Will you please call Sen. Percy this A.M. telling him you are calling at my request- get an appt. for you or Bill Parmenter. I told him we couldn't give details of Carter's confidential comments but that we could provide a broad briefing on issues that paralleled Carter's....Juts use your own good

judgement as to what you can tell him about  
Pres-Elect's specific interests.....

I think Senator just wants to be up to speed on  
issues (general) that we briefed on.....

Be sure to advise George Cary of what arrangements  
are made.....
